

CASTORIA

for Infants and Children.
Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody, without labeling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without your or your physician's knowledge of what it is composed. **Castoria does not contain narcotics.**

The signature of *Dr. H. Fletcher* guarantees genuine Castoria. Physicians Recommend Castoria.

"I have frequently prescribed Castoria for common ailments of children with good results."
W. A. CHANDLER, M. D., Buffalo, N. Y.

"As the father of thirteen children I certainly know something about your great medicine and, aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."
W. J. McONAGH, M. D., Omaha, Neb.

"I find your Castoria is very beneficial in the treatment of children's ailments."
F. DAVIS, M. D., Chicago, Ill.

"I object to what are called patent medicines, where maker alone knows what stuff is put in them, but I know the formula of your Castoria and advise its use in proper cases. I judge it to be a very useful, as well as harmless family medicine."
N. E. SIZES, M. D., Brooklyn, N. Y.

Children Cry for Fletcher's Castoria.
In Use For Over 30 Years.
